Course Overview

The Public Procurement, Supply Chain, and Warehouse Management course offered by Magna Skills is designed to equip professionals with the essential knowledge and skills needed to navigate the complexities of public procurement, optimize supply chain processes, and efficiently manage warehouse operations. Participants will gain insights into best practices, industry standards, and the latest technologies in order to enhance their capabilities in these critical areas.

Course Outcomes

- Understand Public Procurement Practices:**
 - Explore the fundamentals of public procurement, including legal and ethical considerations.
 - Analyze different procurement methods and strategies for optimal decision-making.
- Master Supply Chain Optimization:**
 - Examine the key components of a supply chain and their interdependencies.
 - Implement strategies to enhance efficiency, reduce costs, and mitigate risks in the supply chain.
-

Warehouse Management Techniques:

- Learn warehouse layout and design principles for optimal space utilization.
- Implement inventory control methods to minimize errors and maximize productivity.

4.

Compliance and Regulations:

- Stay abreast of relevant regulations and compliance requirements in public procurement.
- Develop strategies to ensure adherence to legal and ethical standards in the supply chain.

5.

Technology Integration:

- Explore the latest technologies in procurement, supply chain, and warehouse management.
- Understand how to leverage technology to streamline processes and enhance decision-making.

6.

Risk Management:

- Identify potential risks in procurement, supply chain, and warehouse operations.
- Develop risk mitigation strategies and contingency plans.

7.

Sustainability in Procurement and Supply Chain:

- Examine sustainable practices in procurement and supply chain management.
- Implement strategies for environmentally friendly and socially responsible procurement.

Course Outline / Curriculum

- Overview of public procurement
- Legal and ethical considerations
- Procurement methods and strategies

Module 2: Supply Chain Fundamentals

- Components of a supply chain
- Supply chain optimization strategies
- Risk management in the supply chain

Module 3: Warehouse Management Principles

- Warehouse layout and design
- Inventory control methods
- Technology in warehouse management

Module 4: Compliance and Regulations

- Legal and regulatory framework
- Ethical standards in procurement
- Compliance monitoring and reporting

Module 5: Technology Integration

- Emerging technologies in procurement and supply chain
- Implementing technology for process optimization
- Case studies on technology success stories

Module 6: Risk Management in Procurement and Supply Chain

- Identifying risks in procurement and supply chain
- Developing risk mitigation strategies
- Contingency planning

Module 7: Sustainability in Procurement and Supply Chain

- Sustainable procurement practices
- Socially responsible supply chain management
- Implementing sustainability initiatives

Methodology: The course will employ a combination of lectures, case studies, group discussions, and hands-on exercises. Participants will have the opportunity to engage with industry experts and apply the concepts learned in real-world scenarios. Assessment will be based on individual and group projects, as well as a final examination.

By the end of this course, participants will be equipped with the knowledge and skills to excel in public procurement,

supply chain optimization, and warehouse management, making them valuable assets in the competitive business landscape.

Target Audience

The course aims to train government officials (whether Federal, Central, State or Regional) and other stakeholders engaged in the procurement of goods, works and services from national and international sources. Lawyers responsible for drafting, negotiation, or approval of domestic or international agreements for public procurement will also benefit from this course.

Key Course Benefits

Work-Ready Skills

Delegates leave with practical tools, templates and methods they can apply immediately at work.

Better Institutional Results

The programme supports stronger planning, reporting, compliance, accountability and service delivery.

Sponsor-Friendly

This document is designed to help supervisors, HR units and sponsors approve delegate participation quickly.

Professional Recognition

Delegates receive training documentation and a certificate of completion after successful participation.

Our Training Centres & Delivery Options

Magna Skills offers flexible delivery through face-to-face training centres across Africa and beyond, plus Online / E-Learning for delegates who prefer remote participation.

Southern Africa

Practical training destinations with strong travel access and delegate support.

Pretoria, South Africa
