Course Overview

This interactive and practical course by **Magna Skills** empowers professionals and organizations to foster a healthy and productive workplace. The **Health and Wellness at Work** program provides participants with essential knowledge and tools to design, implement, and sustain workplace wellness initiatives that improve employee well-being, reduce absenteeism, and boost organizational performance. Through a blend of theory, case studies, and participatory activities, attendees will learn how to promote physical, mental, and emotional health in their work environments.

Designed for HR professionals, team leaders, occupational health officers, and managers, this course is ideal for organizations committed to enhancing employee engagement and building a culture of health and care.

Course Outcomes

By the end of this course, participants will be able to:

1. **Understand the relationship between employee wellness and organizational productivity.**
2. **Identify workplace risk factors that impact health and design interventions to address them.**
3. **Develop effective wellness policies and programs tailored to their specific work environment.**
- 4.

Promote mental health awareness and resilience among employees.

5. **Foster a culture of care that supports work-life balance and long-term employee engagement.**

Course Outline / Curriculum
