Course Summary

Acquire skills in marketing to help you stand out from other applicants during your job search or take on additional responsibilities in your current position. Easily learn marketing fundamentals with the fun and flexible videos used in this course. Marketing experts teach you key concepts like SWOT, the 4 Ps of marketing and marketing channels using dynamic animations that help you quickly retain critical info. In this course, you can learn about:

- Marketing ethics
- Marketing environment
- Business marketing
- Segmentation
- Promotion and advertising
- Services marketing

Course Objectives

- Differentiate between sales and market orientation and discuss the concepts of ethical behavior and corporate social responsibility.
- Highlight types of competitive advantage and target market strategies. Review SWOT analysis and the marketing mix.
- Assess the external influences and effects of social factors on marketing. Investigate marketing's political and legal environment and the essentials of foreign competition.
- Identify ways to enter a foreign market and discuss the importance of global marketing. Summarize the impact of culture and demographics on international external marketing.
- Explain why consumer behavior is important to marketers and identify some influences on behavior. Outline the steps in the consumer decision-making process.
- Differentiate between consumer marketing and business marketing, review the purpose of marketing research and compare new buy, modified re-buy and straight re-buy.
- Evaluate different types of market segmentation and learn the steps to segment business markets. Depict strategies for product development and business growth.
- Explore the different types of new products and outline methods for creating a marketing mix. Review the ways retail segments are used to reach target markets.
- Differentiate between goods and services and scrutinize the functions of marketing channels and channel intermediaries.
- Understand why companies use public relations, advertising's effects on consumers and the purpose of trade and consumer sales promotions.

- Explore different pricing strategies and the steps in the selling process. Examine the factors that help determine price.
