MAGNA SKILLS
www.magnaskills.com

The banner features a blue background with a white arrow pointing right. On the right side of the arrow, there is a photograph of three people (two women and one man) sitting around a table, looking at a laptop screen. The Magna Skills logo and website URL are in the top right corner. The services list is on the left, and the website information is at the bottom left. There are decorative dotted patterns in the top left and bottom right corners.

Course Summary

Whether you are new to civil engineering or are ready to advance your engineering skills, the courses below are designed to teach students about the role of civil engineering in modern society and the principles and laws that contribute to the field

This course is intended to teach you the conceptual things that check your logical reasoning capacity. It will polish your knowledge regarding some of the basic questions on civil engineering. This course is intended for civil engineering students who are about to complete their engineering course and the fresh civil engineering graduates who are about to seek a job. This course will keep on expanding as I will keep on adding the lectures.

Course Objectives

- Contractual process, site works, site handling, concrete works, rebar works etc.
- Structure knowledge and working at site.
- They will be able to understand how the steel structures are designed.
- Project Management
